

Subject: Partnership Opportunity

Support the MUSICA NOVA International Competition of Electroacoustic Music

Dear potential friend of our project,

On behalf of the organizing committee of *Musica nova* – the International Competition of Sonic art Music held annually in Prague, Czech Republic –**we would like to reach out regarding a potential partnership for our upcoming 2025 edition.**

Musica nova has a proud tradition of promoting innovative sonic art. Since its inception in 1969, the competition has welcomed composers from all over the world (around 60-120 composers from 25-35 countries around the world) and has consistently provided a platform for both emerging and established creators to present their work to an international audience and expert international jury. .

In 2025, we continue to uphold this legacy, despite having faced limitations in public funding this year, because they prefer support projects focused more on the utility sphere, especially film in connectivity using new pre-composition tools in our specific area.

We are therefore seeking support from international institutions and patrons who share our commitment to new music and sonic experimentation.

We would be sincerely grateful for any contribution towards our modest total budget of approximately **CZK 300,000** (approx. **€12,000**). **Contributions of any size will be deeply appreciated and publicly acknowledged**, with appropriate visibility in media and international network, also in the presentation concert of winners in Prague. **Help us maintain this long-running prestigious competition.** By supporting *Musica nova*, you would not only be sustaining an important international forum for sonic art, but also helping to amplify diverse voices and new artistic directions across borders.

We would be delighted to provide more information, including past competition highlights, plans for the upcoming edition, or possibilities for tailored partnership formats.

Thank you for considering this invitation.

With warm regards,

Dr. Lenka Dohnalová, Ph.D.

Musica nova manager of Musica nova, member of jury
